The 2017-2018 school year has been a year to remember. Numerous changes made to our high school have improved the way we learn, play, and interact. Although our school has changed, our spirit hasn't. Mishawaka High School spirit is one of a kind, and cannot be matched. It's been here since the beginning. Once a Caveman, always a Caveman. Mishawaka High School is, in and of itself,... timeless.

The Faculty

"The things that give us highest thought,
They must be learned- they can't be bought;
And that is why in MHS
We have a faculty, I guess.

To everything the students do,
They somehow seem to find a clue,
And tho we think we've bluffed them quite,
We soon find out they knew allright!

And when from class we're sometimes sent,
And we get docked a three per cent,
We always say that they're to blame,
When really we have caused the flame.

And yet when all is said and done,
There isn't any, not no one
That we would want to do without,
Or hear distressing news about"

Senior Class Poem

Written in 1918 by MHS senior in the class of 1918
Holbrook G. Bostef

"1918 at last is here.

The month of May is drawing near;
And youths who were, four years ago,
Green freshies, with their heads hung low,
Are Seniors.

Their heads are high, their eyes are bright,
Sparkling brilliantly with light;
And like the silver clarions sound
The accents of that name profound:
Are Seniors

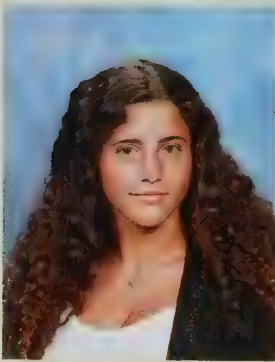

In Underclassmen's eyes the light
Of envy, smolders low but bright;
And teachers think with much dismay
That they'll be leaving school in May,
Those Seniors.

"Good will to all," a proverb said,
"Look not behind but look ahead."
"We'll do our best what e'er betide,"
With voices clear and firm replied
The Seniors.

And I believe, when in the world
That good, old '18 class is whirled,
They'll do their bit with steadfast cheer;
The name will echo far and near:
The Seniors."

Congratulations, to the newest Class of '18!

Foreign Exchange experiences are timeless...

Marina Beca Ferrero: Spain

Favorite memory:

All my sports senior nights, where we show all the respect teammates and students have for each other.

Biggest surprise:

How dedicated they are to sports and how nice and respectful they are.

The biggest difference between your home school and MHS:

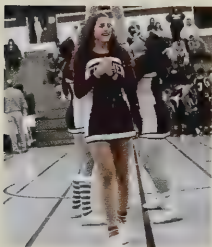

The education system is more dynamic here and the way Mishawaka has school spirit and Cavemen pride.

Favorite class:

My favorite class is U.S. History. I love learning about how different countries work and worked through the years. It is my favorite at home too.

What will you miss the most:

Obviously my host family and my friends who I am extremely thankful for making this the best American experience I could ever have had.

Nina Daehne/Daenne: Germany

What I will miss:

Probably playing softball, and Taco Bell.

Biggest surprise:

I was most surprised that Americans drive everywhere, I've never seen drive thru Pharmacies or banks before.

What is the biggest difference between your home school and MHS:

The school and the school systems are very different. I'm more independent in my home school. We can leave school for lunch and we are allowed to sleep in or leave class when there is no substitute teacher after a certain period of time.

What surprised you most about the students in the US:

The fact that they have I.D.s and need hall passes to move anywhere in the school. It also surprised me that students are constantly watched by security or cameras.

Sarah Ferreira Brandao/Brando: Brazil

What I will miss:

I will miss a lot of my friends, my awesome American family, my teachers and everything they taught me. I will miss everything about this place, I love it here.

Biggest surprise:

Students in America are not like the movies, the way they were shown to us the girls kinda scared me, but they are actually really nice and friendly.

Favorite class:

I like all of my classes, but I love my ceramics class. Mr. Buchmann is such a nice person. I will miss ceramics.

Favorite memory:

My favorite memories of this year are the football games, my friends and my volunteer job for the concession stand.

SiHyun Park: Korea

Biggest difference between home school and MHS:

In Korea we cannot choose the subjects the way we want. The school gives us a fixed schedule and we follow it. However, I can make my own schedule with the subjects I want here. It is flexible and I feel so free. In school at home we do not have classes like fashion and ceramics. There are more experiences here.

Biggest surprise:

I am most surprised that almost every student tries to engage in the class. In Korea, almost half of the students sleep during class. I am surprised by the enthusiasm and activeness.

Favorite class:

My favorite class is pre-calculus. I love Ms. Dolembro and the way she teaches. She always respects her students and cares about them. She's the best teacher I have ever met.

I will miss:

I will miss the people. My host family, the teachers and my friends. Thanks to them I am having the best year of my life, learning things I couldn't learn before and making unforgettable memories. I thank God for all of these precious memories.

Pien Van Schayk: Netherlands

Favorite class:

Government is my favorite class. I have a really nice teacher and it is interesting to know how the US government works.

What surprised you about the American culture?

American culture is a lot different but I really like it here and am used to it.

Favorite memory from this school:

Making new friends

Biggest Surprise:

They are a lot different than the Dutch, people are super nice!

advice from seniors...

"Prepare for college."

"If you have a class with a friend, don't focus on them, focus on your work."

"Don't get lazy and stop trying, but have a little bit of fun too. In a year you'll be an adult so be a kid as long as you can."

"You'll have a lot of bad days, it's a part of life. Live in the moment."

"Enjoy your senior year, it really does fly by."

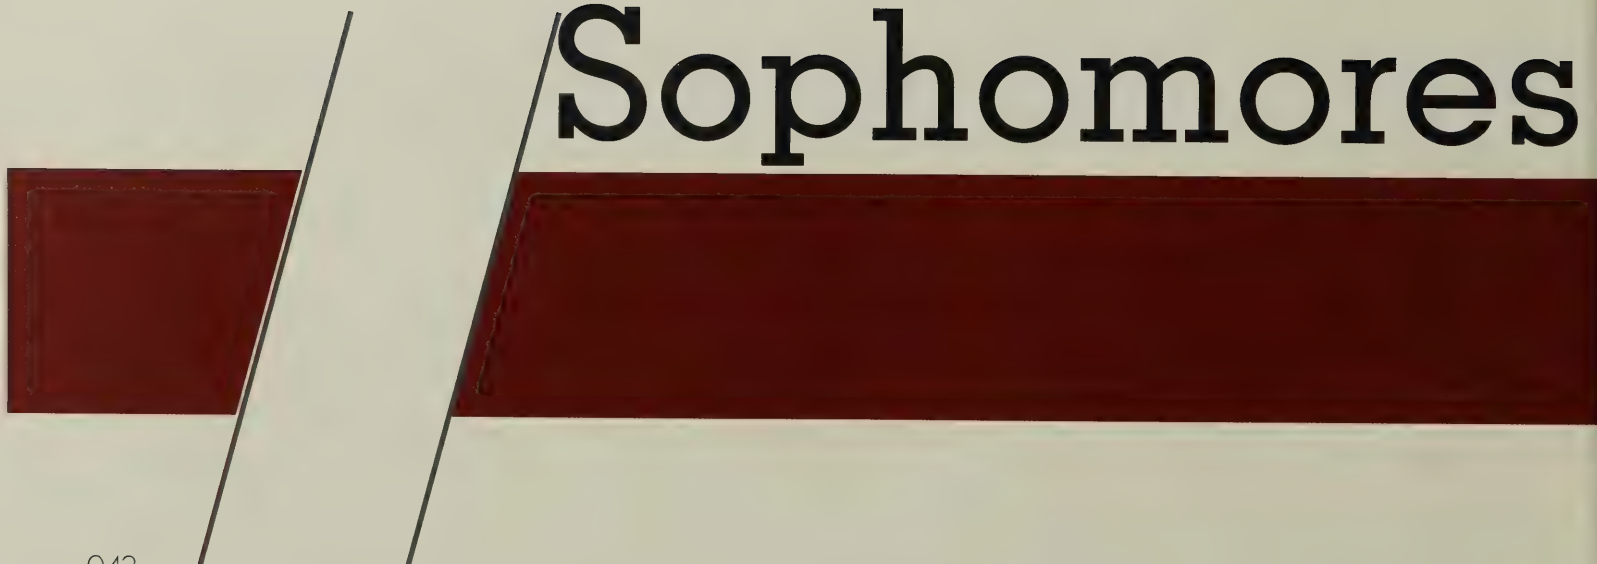

"Do stuff or you're going to regret not doing anything. Respect teachers. Don't let other people influence your decisions."

"If you want to play sports, exposure is important."

"Don't get behind on your work. If you have a bad year or term, you can bounce back."

"Don't choose a college simply because all of your friends are going there or because it's a widely known school. Choose somewhere you are actually interested in and somewhere that won't break the bank."

"Start applying to colleges and for scholarships early! Deadlines approach a lot sooner than you think."

advice from juniors...

"It's either your easiest year of high school, or it's your hardest."

"Make sure you do your homework and keep all of the college letters you get, it could be useful."

"Be nice to everybody."

"Work hard everywhere. Don't take everything too seriously."

"By junior year people will stop caring when you are crying in class because they are crying too."

"Respect your teachers and your classmates. It makes high school so much more fun when you get along with people."

"Junior year is the most important year of high school. Make sure you take your SATs this year...college visits are important."

"Take your classes seriously and don't get too involved in relationships and drama."

"Don't get into drama and respect everyone around you."

advice from sophomores...

"Be confident, express yourself and start your own trends."

"Don't be afraid to make mistakes."

"Stop being bad, work hard, and be nice."

"It's all fun and games until you start failing"

"Don't stand in the middle of the hallway during the passing period."

"Always ask for help and help others"

"Do your homework and focus during class."

"Always have goals; Don't live up to your experiences, live past them"

"Do your work and don't get on your teachers' bad side"

"Get your homework done on time and respect your teachers. They won't respect you if you don't respect them."

"Be confident with who you are and be yourself. Make sure you focus on your school work and do not put your education and future in jeopardy for the sake of friendships."

"Don't stress out about anything and be calm. And wear your ID."

TOP: The senior cheerleaders had the privilege of running the MHS flags and hyping up the cave-fans.

MIDDLE: Brad Taylor went after the ball against Marist.

BOTTOM: Nick Rybicki competed against a Concord player for the ball.

Cavemen on 3

Before every game the girls' varsity volleyball players got together and listened to a pep talk, followed by their signature "I believe" chant.

Sports

Mishawaka High School is known all over the state for its outstanding sports program. This year, improvements were made to not only the teams, but the equipment as well. The football team received enough money to get a new football field, brand new lights, and renovate the stadium. The swim team had the funding to fix their pool, promising a better season with more reliable practice schedules. The girls' volleyball team experienced the return of legendary Steve Anderson, and celebrated his 800th career win.

"Although the season did not end in the manner we had hoped, there were several positives for the 2017 Cavemen football team. These young men made a commitment in the offseason to be the best that they could be and several young men received post season recognition. Our 15 seniors will certainly be missed and we wish them nothing but the best as they venture on to the next page in their books."

SHOOT YOUR SHOT...

New Beginnings...

This season, our boys' basketball team was redirected with their new coach, Ron Hecklinski. With transfers from Edwardsburg and Riley, as well as our Mishawaka natives, the boys played at a new level this season. For the first time since 2012, our Mishawaka Boys Basketball team beat Penn and claimed their court as ours.

IN THE NEAR FUTURE...

Multiple seniors this year signed to continue playing their sports in college. Their families, high school coaches, teammates, and future college coaches came together in the school to support the student-athletes in their exciting decisions.

Clubs

Mishawaka High School has always been a large group with many different hobbies, skills, and talents. With just a few students and a teacher, any student can make a new club come to life, possibly creating a new tradition. Clubs at Mishawaka give students a chance to show off their interests, talents, and be themselves.

Why Join a Club?

Extracurricular clubs provide a unique experience for every member. Be it competitive, service based, educational, or just for fun, participation in any high school club looks great on college applications! Activities amongst other peers with similar interests can build lifelong friendships, memories, and lead to new experiences you wouldn't have had alone.

Loud and proud...

Student Life

The Mishawaka student section has always been known for their chants and constant positive attitude, and this football season, they were honored to receive the Week One Spirit Award. This award showed constant dedication the students all put into getting ready for the games and supporting every single one of our teams.

The students at Mishawaka High School made sure that our school was known and remembered by the community, and got involved in many charitable events, in and out of school.

Junior Bailey Davis received a Silver Key for "Ethan"

Mishawaka High School has one of the best art departments in northern Indiana. The premiere event for art each year is the Scholastic Art Awards. More than 3500 works were submitted this year by over 100 schools in our region. Only 800 works were recognized. The tireless commitment of the art instructors is evident in the 85 Scholastic Art Awards, the most in school history, and several scholarship recipients this year. When a school has a devoted staff to nurture and encourage the talent of these students the work is truly timeless...

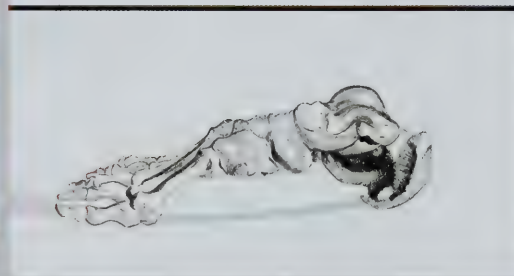

Sean Young won a Gold Key for "My Sister and Her Axe"

Senior Bri Squadroni won a gold key for "Asia of Green Apples"

Sophomore Izzy Barstow won a Silver Key for "Fall Eyes"

Senior Timea Brassai earned an Honorable Mention for "Bones and Blossoms"

LIGHTS, CAMERA, ACTION...

Each year, theater produces three plays. One is a children's play, one a regular play, and finally, a musical. This year, the children's play was *Translymania*. It was a great play for the children from our elementary schools to come see. The next play was the *Curious Savage*. This play had a lot of great laughs but also a lot of times when the play got quite emotional. The musical for this year was *Beauty and the Beast*. This play was the more known out of the three. They were all directed by Ms. Jojo, who did a fantastic job on all three of the plays.

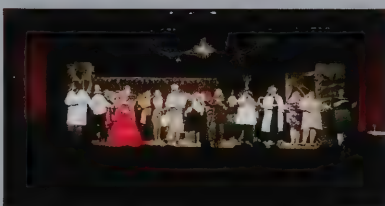

Theater is a place where these students can come and have fun acting out cool parts. Anybody can be in theater, you may think to yourself "I could never be in theater, I won't fit in", or just be scared to try-out. However, if you go and actually try it, the students will make sure that you feel comfortable and welcome. Preparing for the plays is a lot of fun, even though it does take a lot of determination and hard work to get these plays as good as they are. The theater always works hard and produces excellent productions.

FROM THE GROUND UP...

PREPARING FOR THE FUTURE...

The house that was built in the 2017-2018 school year is the ninth and final house that Mr. Beron will be leading in the current neighborhood behind Hums Elementary School. These houses are built mostly by the students, teaching handiness and craftiness, even leading students into future careers. Many students receive job offers, on the spot, for post-graduation work. Most of the homes built are customized for the buyer, adding a special charm to it and giving it the timeless mark of the Cavemen.

We asked MHS Faculty to give us the best excuse they've heard from a student for why they were late or missing homework... turns out our student body is more creative (or unlucky?) than we thought. Others transcend the years and have become Timeless...

Best Excuses Teachers Have Heard From Our Fellow Cavemen...

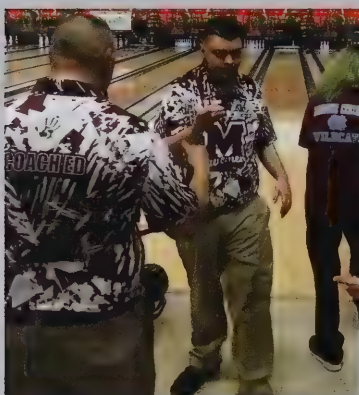

What were your excuses?

Write your list below:

BOWLING...

Bowling has been an unknown club for a while now, but deserves to be recognized. Two students, Kyle Johnston and Holly Konwinowski, were awarded scholarship for their hard work and talent.

LACROSSE...

The 2017-18 school year brought several changes to Mishawaka High School, including our newest sports edition, lacrosse! Our student body came together to organize a team, coach, and practice schedule in order to keep our new program afloat.

National Honor Society

The Mishawaka High School National Honor Society is a prestigious group of students who have demonstrated excellence and service towards their community even before being inducted. Members of this establishment must demonstrate and exceed expectations of the pillars of the National Honor Society, established in the early years of the development of the group. These pillars are scholarship, service, leadership, and character.

The National Honor Society contributes to not only the Caveman community, but outside of it as well. They participate in a number of benefits, charities, walks, and service projects all over the community. Some of these projects include the Cystic Fibrosis walk, Relay for Life, Stuff-a-Bus, and park clean up at Baker Field. Students also do individual volunteer work outside of school and organized projects, putting even more emphasis on the "character" pillar.

New inductees posed with current NHS members at the induction for the class of 2019, one of the largest in its 100 year history at MHS.

Every year, Mr. Smith leads a new group of NHS officers, and helps them transform and improve their leadership skills. This year, the officers were Patrick Gouker, Madison Kreil, Cassidy Challberg, Claudia Cates, and John Zylstra.

Officer, Cassidy Challberg, helped lead the Back to School Bash at Baker field. This bash included activities and cleaning up the park, getting ready for the upcoming sports beginning that fall. This event allowed students to reconnect before school started, and have one last hoorah.

Coming together...

Every winter, MHS groups and teams collaborate to ensure the success of the Stuff-a-Bus, which donates food to help feed lower income families. NHS is among one of these groups that contributes, and divides up the work over a two day work period. This is a donation process that is widely known and recognized throughout the community.

Kickin' Back

During homecoming week, the student body gathered in the student parking lot for a cookout to celebrate the Caveman spirit.

Movie Night

Throughout the year, a few movie nights were put together in the auditorium. Some of these movies included Hocus Pocus and Elf. Proceeds contributed to the annual food drive, and other local families and groups supported by MHS.

Student Council

The MHS Student Council is more than just a group of kids at school. They are leaders that serve as the voice for the student body, from freshmen to seniors. Student Council members strive to make a difference in our school, and overall a better and more fun experience. Although it is difficult to plan and get students to attend the activities and fundraisers, the MHS Student Council never fails to show how proud we all are to call ourselves the Mishawaka Cavemen.

The Student Council leaders for the 2017-2018 consisted of Claudia Cates, Cassidy Challberg, Madison Kreil, Angelina Marchi. These four demonstrated leadership qualities throughout their high school career, and these qualities put together were a great combination for our Student Council leaders.

In the community...

This year, Mishawaka High School students participated in the community event offering free lunch to our veterans at the local food pantry. It is clear that we carry the weight of the cavemen expectations on our backs, and are happy and proud to be a part of a school and program that gives back to the community.

Working hard or Hardly working...

...at Mancino's Italian Eatery

Damon Germano worked hard putting cups away at Mancino's to keep his customers happy and hydrated. Keep up the hard work, Damon!

...at World Gym Day Care

Zoe Little-Wishmeier spent her days either at Kohl's selling clothes or at the day care at her gym. She enjoyed working with the kids while their parents worked out.

...at Urban Swirl

Briana Eddy seemed to be having a little too much fun serving toppings at Urban Swirl. Maybe it was a sugar rush from all of the yogurt. All smiles from Briana at Urban Swirl!

As pre-poor college students, Mishawaka students used every extra second they could to make money. Some at restaurant chains, retail, and service buildings, they did what they could to find somewhere they could work for decent pay, average hours, and a fun time. Mishawaka students bring the party with them wherever they go, especially work (because who actually enjoys their job?). Keep working hard and save that money! You'll be wishing you had it in a few years.

...at Dairy Queen

Jordan Keltz spent her nights after school serving up soft-serve at Dairy Queen. Happily taking orders and helping customers, Jordan put in 100% at her job.

...at Puerto Vallarta Express

Gabe Galindo worked hard and safe at Puerto Vallarta Express during his free time. Considerate of the public (and national health laws) Gabe made sure to wash his hands and wear gloves before serving some spicy tacos.

...at McDonald's

Bethany Walker and Evan Rosen worked hard at McDonald's treating the locals to their daily dosage of McDouble's and Diet Coke.

As we said goodbye to our class of 2018 seniors, we asked them the one thing they want to do before they truly have to "grow up." Although there is no definitive age where you "grow up", our seniors gave both meaningful and juvenile answers. We'll miss you Class of 2018, achieve all you can before you grow up, and enjoy yourselves and your youth.

Strangest Dream...

Write a Message to Your Future Self!

We've all got plenty to say, but no one to say it to. Tell yourself! Write something to yourself in the future. How's your life going right now? Who's your favorite teacher? Your crush? What's your favorite song currently? Don't forget your goals! Record the dreams you want to achieve and come back in 5-10 years to see if they came true!

Starbucks

Whether it's to indulge in a sweet treat such as a danish or a cake pop (or two), to refuel with some coffee, or to sit back and study inside, Starbucks became very popular

for these reasons among high school and college students. The different teas, refreshers, and coffees they offer brings in every age group, showing their quality.

Airpods & Bluetooth

Airpods are a part of the new updates and advancements made by the Apple company. With the release of the iPhone 7, there was one thing missing: a headphone jack. The new technology allowed the charging port to be used as both to charge the phone and to listen to music. But, with the airpods, iPhone users could use bluetooth to listen to music while charging their phone simultaneously.

Ombre Hair & Highlights

Highlighting your hair is very popular in the summer. When you highlight your hair you are adding a different color than your current hair color to streaks of your hair starting from the root.

Ombre hair is very popular in Summer as well. Ombre hair is when you dip dye the ends of you hair blond. The lightening of the ends draws attention to the face, and most of the time emphasizes and compliments the face shape and features.

Social Media

Social media is very common now a days. Youtube, Instagram and snapchat are just a few of the most popular and common used apps. Most people use youtube to learn how to fix things and to figure out life hacks which can be really helpful because it can teach you a lot.

Converse vs. Vans

Converse and Vans are easily classifiable as shoes to mark our generation, even though they are worn by everyone. Both of these shoes offer comfort and style, and can be dressed up or worn casually. But, despite the many similarities, many people are strictly one sided on which shoe they will wear. These opinions vary from selectability, style, comfort, price, and simply overall satisfaction with the shoe.

TRENDS OF

2017

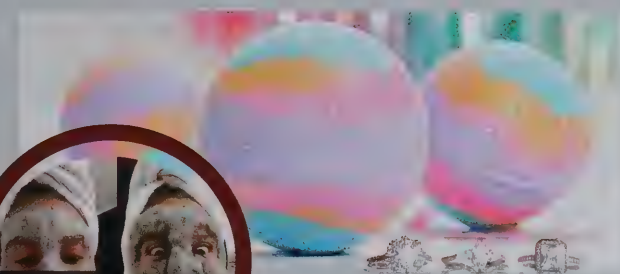

Fanny Packs & Fidget Spinners

Fanny packs are a cool and convenient way to carry your belongings. The pack clipped around your waist makes it easier to enjoy whatever you are doing without the hassle of worrying about losing your phone, wallet or any other valuables valuable.

Fidget spinners became popular in mid-2017, but blew up at the beginning of the school year. These gadgets, originally produced to help combat the attention deficits linked with ADHD, ended up in the hands of just about everyone. Some even learned "tricks". While students could not get enough, most teachers despised the spinners.

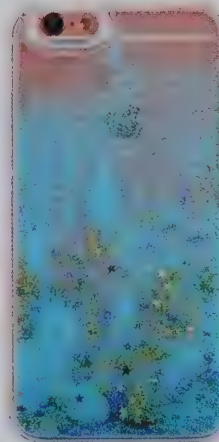

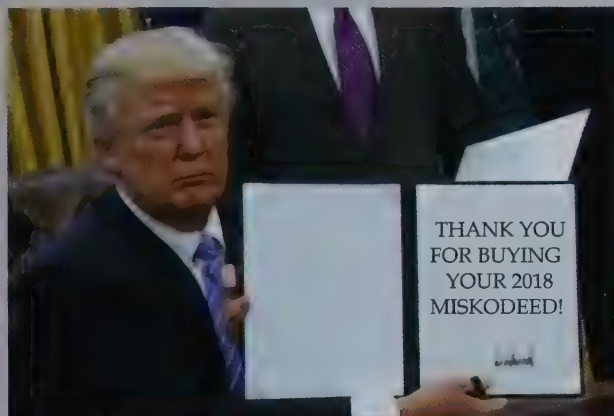

Bath bombs not only serve as a skin antioxidant and cleanser, but as a fun element to add to your bath.

Who does not like the fizz of bubbles and aroma of lavender, roses or cotton candy? Bath bombs come in a variety of colors and fragrances. Face masks have almost the same idea as bath bombs, but for your face. They cleanse and moisturize your face, leaving you with glowing skin.

Liquid Phone Cases

Donald Trump

The election of 2016 sparked huge debates on many controversial topics from women's rights, gun laws, and immigration policies. The two candidates in this presidential election were Donald Trump and Hillary Clinton. Trump won this election, becoming the president of the United States. Even throughout his presidency, the debate still stands over his competency and ability to perform as the president of our country.

Most parents make their children keep a case on their phone, obviously so it has a less chance of being shattered if dropped. Liquid phone cases provided a safe, fun, and visually appealing way to make sure the phone stays intact. When the latest iPhone costs \$1,000 can you blame them?

Prices

THEN AND NOW...

We all know prices have increased, but do we really know how much? Since 1918, prices have more than tripled for nearly everything. Take a peek into the past and recognize the change of times. Next time your parents or grandparents try to say their notorious "back in my day" horror stories, remind them how much easier they had it... in terms of prices, of course.

The yearbook staff of 2017-2018 spent long, hard hours both in and out of school to put the yearbook together. The purpose of the yearbook is to capture and highlight key moments in the school year, and to serve as a time capsule to capture the memories that we may not one day remember.

CONGRATULATIONS

CLASS OF 2018

Remembering Anthony Eddy...

March 31, 1992-January 24, 2018

Brothers are like Bulldozers

"Brothers are like bulldozers,
Rock hard and tough,
Brothers are like bulldozers,
Ruling and rough,
Brothers are like bulldozers,
Brothers are like bears,
Brothers are like onions,
Covered in hairs.

Brothers are like wasps,
They hurt you then leave,
Brothers are like asthma attacks,
They make you not breathe,
They take away toys,
They wreck your stuff,
They constantly brag,
'Oh, I'm so tough!'

But no matter if they are as cruel as pit bulls,
And have no regret,
They are part of your family,
So the love is set.

They are gentle as butterflies,
When they bandage your cuts,
They agree with you when you say,
'Mom's going nuts!'
So even though sometimes,
They're like glass cutting into your skin,
There is not one excuse to wish them gone,
Not one reason."

-Leah Eddy
